

Martin® Gate Jack Opener

Eliminate strong-arm tactics with the **Martin® Gate Jack Opener**. This powerful air-powered wrench provides more than 1750 ft-lb (2373 N•m) of torque to open the most stubborn rack and pinion hopper gate.

BENEFITS

- Improves Unloading Efficiency**
 Stop the car, open the gate, and start unloading. There's no time wasted trying to muscle the gate open.
- One-Worker Operation**
 No need for labor gangs or cheater bars with the compact, powerful Martin® Gate Jack Opener.
- Efficient Air Use**
 Operates from air supply of 70 cfm (1982 L/min) at 80 to 125 psi (5.5 to 8.6 bar).
- Readily Portable**
 Martin® Gate Jack Opener only weighs 45 lb (20 kg) for easy positioning and use by one worker.
- Easy to Apply**
 Capstan extension reaches even "hard-to-get-at" recessed railcar capstans.
- Comes Complete**
 Supplied with hoses and hand-held control valve. Customer must supply own steel "lever" bar.

SPECIFICATIONS

| | |
