Elektronikon® Mk5 Graphic   NEW FEATURE

Graphs on the Elektronikon® Mk5 Graphic

From now onwards, your compressor or dryer, will offer you more monitoring possibilities. The new Elektronikon® Mk5 Graphic is equipped with graph functionality on the screen of the compressor controller. Graphs on the Elektronikon® Mk5 Graphic screen will enable you to see in a glance how the compressor has been operating in the configured timescale.

Maximum savings

- Reduced pressure band
- Dual pressure band
- Delay Second Stop => Minimized unload time
- Free online visualisation
- Fan saver cycle
- Dryer saver cycle
- Wide range of programmable day/week timers

Protects the installation

- Pre warning
- Predictive graphic service plan

Options

- Trending with historical data & events
- SMS service
- Remote pressure sensor

New feature

- Real time trending on the screen of the controller
  - o   Free choice of analog input
 - o   Different time intervals
