The Ultimate Truck Scale

BUILT TO STAND UP TO THE HARSHTEST ENVIRONMENTS

Cardinal's USA-made Guardian series of Hydraulic Truck Scales are the smart choice for demanding applications like solid waste stations, quarries, grain, chemical processing and heavy construction.

Damage resulting from water, lightning and voltage surges, corrosion, rodents, shock loading and extreme climatic conditions can dramatically increase the cost of ownership of your scale. Guardian hydraulic load cells are covered under a true lifetime warranty against all of these protecting your investment. Every Guardian truck scale is fully assembled and tested before leaving the factory.

HYDRAULIC TRUCK SCALES

- SST Load Cells are Impervious Against Lightning Strikes, Power Surges, Rodents, and Water Damage
- NTEP Certified for Commercial Use up to 135 Tons
- Concrete or Steel Decks ● Low-Profile or Pit Mounting
- Single Source USA Supplier Ensures Compatibility
- Unprecedented True Lifetime Hydraulic Load Cell Warranty

The Guardian's hydraulic stainless steel load cells are environmentally-sealed (IP68) for high-pressure washdowns and can operate fully submerged underwater for the highest protection possible.

TRUE LIFETIME LOAD CELL WARRANTY

Cardinal manufactures their own stainless steel SST hydraulic load cells for all Guardian truck scales. These USA-made load cells carry a true lifetime warranty when installed in a Guardian truck scale by an authorized Cardinal Scale dealer. They offer the highest level of protection possible against water, lightning, power surges and extreme climatic conditions.

NTEP Certificate of Conformance (Legal for Commercial Trade)
EPR Truck Scale: 97-093 | SST Load Cell: 05-076

TOTALIZER JUNCTION BOX

The Guardian's pressure transducers, housed in the totalizer cabinet, are fluidly coupled to their SST hydraulic load cell counterparts and convert the pressure signal into an electrical signal which is sent to the scale's digital weight indicator in the scale house.

GUARDIAN® Low-Profile Truck Scales - Steel Deck

Model	Platform Size	Capacity (Tons)	CLC (Tons)	No. of Sections	Shipping Weight
H4020-EPR	20 ft x 11 ft	40	40	2	9,400 lb
H7040-EPR	40 ft x 11 ft	70	40	3	17,700 lb
H8050-EPR	50 ft x 11 ft	80	40	4	22,500 lb
