

# Water and Dirt Problems in Critical Pneumatic Applications?

Improve Product Performance in the Mainline with RTi's

## ELIMINEX®

### APPLICATION DRYER

Water-free, Dirt-free Air!  
99.7% efficiency at 3.0 Micron  
is one of the highest ratings in the  
industry. Eliminates both water condensates  
and dirt particulate in the mainline  
extending life of all downstream products.

### EXTREMELY EASY TO SERVICE

Long service life for the washable element

### EXCELLENT, PROVEN APPLICATIONS

- Mainline
- Blasting
- Tooling....and more!

“ Works like a dryer,  
Costs like a filter! ”

**Eliminex®** Application Dryer Includes:

RTi **EXCLUSIVE** “Inverse Flow™” air drying technology,  
H.D. automatic drain (with manual override) Element  
change indicators (opt.) Long life/easy spin-on  
spin-off replacement elements.

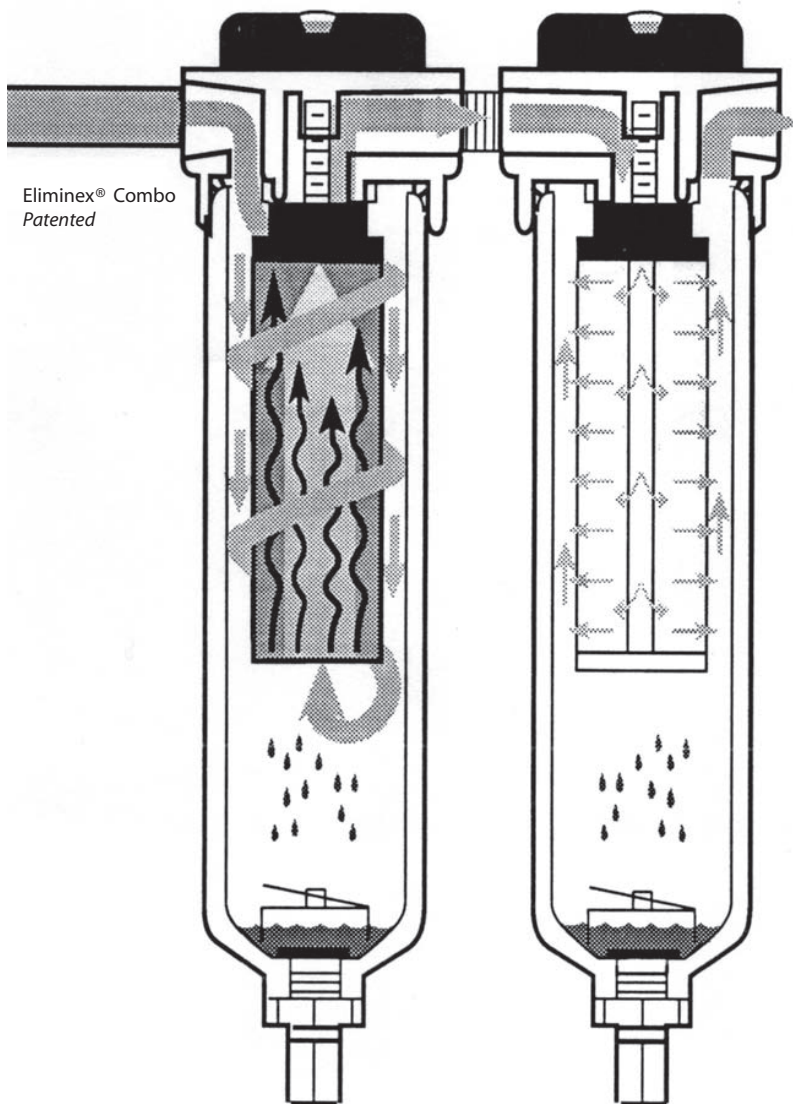

# Water and Oil Problems in Critical Pneumatic Applications?

Get Absolute Protection! Pure, Dry, Oil-free Air with RTI's

## ELIMINEX® COMBO

### APPLICATION DRYER

Water-free, Oil-free, Dirt-free Air!  
99.99998% efficiency at 0.01 Micron  
is one of the highest ratings in the  
industry. Eliminates both water condensates  
and oil aerosols at point-of-use.

#### EXTREMELY EASY TO SERVICE

Long service life for the washable 1st stage  
element and up to 2 years for the replaceable  
second stage 0.01 Micron element

#### EXCELLENT, PROVEN APPLICATIONS

- Production Spray Paint Systems
- Abrasive Blasting Operations
- Textile Production Equipment
- Blow Molding
- Woodworking Facilities
- Bottling/Brewing Plants
- Lumber Mills....and more!

“ Works like a dryer,  
Costs like a filter! ”

**Eliminex® Combo** Application Dryer Includes:

RTi **EXCLUSIVE** “Inverse Flow™” air drying technology, 0.01  
Micron 2nd stage coalescer, H.D. automatic drains (with manual  
override) Element change indicators (opt.) Long life/easy spin-on  
spin-off replacement elements.
