

# RECLAIMERS

## **AGGREGATE RECLAIMERS**

- \*SAVES WASHOUT WATER
- \*REDUCES DISPOSAL COST
- \*PROTECTS THE ENVIRONMENT
- \*SAVES WASHOUT TIME

*Over 30 years of  
Ready Mix Reclaimer  
experience!*

**SPECIAL DESIGN TAIL BEARING ASSEMBLY  
HEAVY DUTY AGITATOR PADDLE'S  
LONG-WEARING, REPLACEABLE SHOES  
POLYURETHANE ON 24"  
NI-HARD CAST ON 36"**

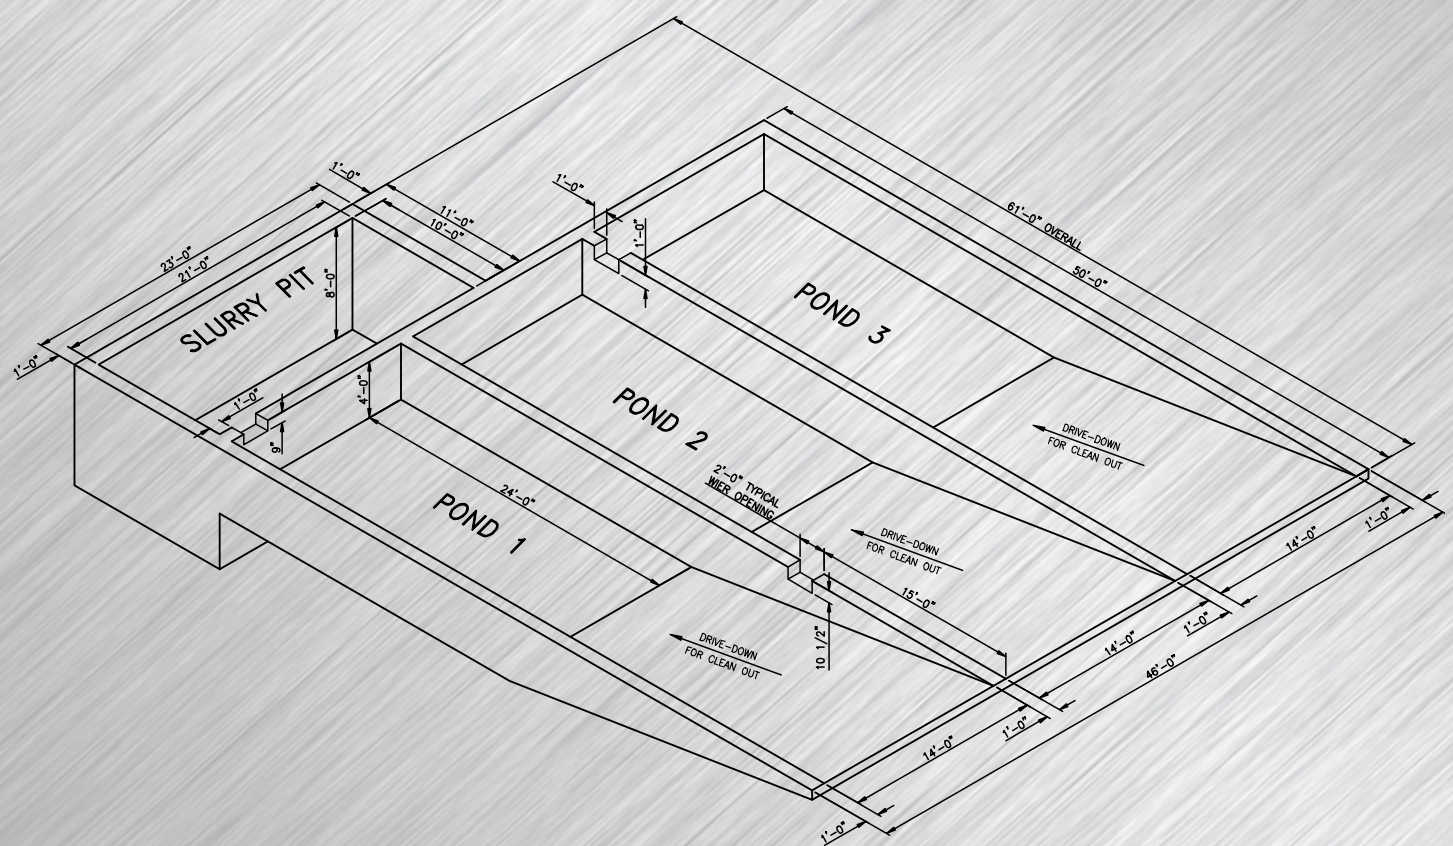

**24" MODELS HAVE VIBRATING SCREEN TO SEPARATE ROCK AND SAND  
36" MODEL WILL HAVE ROCK AND SAND WASHED TOGETHER**

Special design tail bearing assembly on all models, located inside classifier trough with no packing or seals outside the classifier wall. Tail bearing can be easily raised without being taken loose from classifier wall.

The customer can choose the slurry recovery system that best fit their needs.

## Pond Sketch

1. Settling ponds will allow cement fines to settle out.
2. Agitators for slurry pond.
3. 100% reclaim systems (Consult factory for details).

ISOMETRIC VIEW (3) STAGE SETTLING POND WITH SLURRY PIT
