

Slide-Pac™ Conveyors

Roll-Style System for Safety and Ease of Unloading

Safety First

Avoid lifting conveyors with forklifts or loaders which can be dangerous.

Speedy Setup

Within just 10 minutes, the three conveyors can be lined up and ready for work.

Three

Conveyors in a Single Load

Preserve Structure

Forklifts, loaders and cranes can damage conveyors when they lift or lug.

Available up to

240-ft

Ten

Minute Set-up Time

One Shipment

Up to 240-feet of transfer conveyors reduces freight costs and transport logistics.

Highly Portable

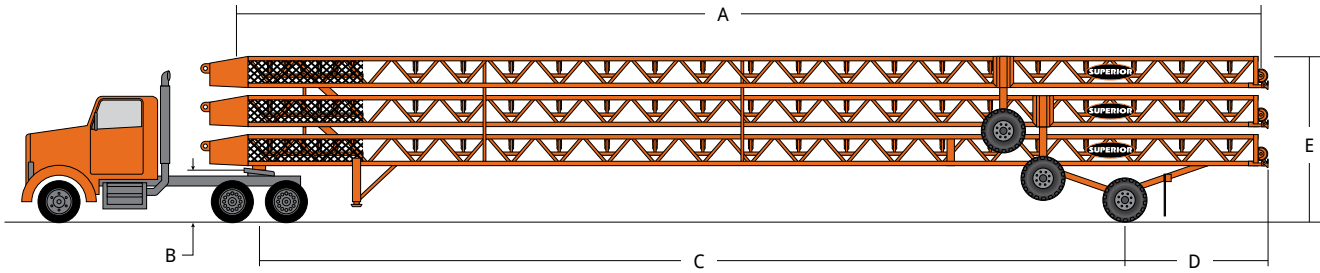

Three-unit, road ready system can greatly increase efficiency at your portable plants.
