

VIBCO® Vibrators

Reversible Plate Compactors

Model VR-20®

"No more dragging, pulling or pushing your plate compactors ..."

VR-20 with a 20" x 19" plate is the true brute in the reversible plate compactor field. VIBCO guarantees customer satisfaction on all of our plate compactors.

Customers' comments include: "It makes working in tight spaces easy. This reversible compactor allows you to get into the tightest corners and with a flip of a lever, easily backs up."

It's 6.5 hp HONDA engine and 4,350 lbs. of impact force indicates the available power.

A water tank kit for asphalt compaction can easily be added to all VR compactors.

SPECIFICATIONS VR-20

PLATE SIZE	Inch	20 x 19
	mm	508 x 483 mm
WEIGHT	Lbs	311 lbs.
	Kg	141 kg.
